

## Bartlesville - Dewey

**Bartlesville**, a town filled with amazing architecture and sight seeing opportunities, is a must see!

Visit the **Inn at Price Tower**, the only place in the world where your group can spend the night in a Frank Lloyd Wright skyscraper and dine at the **Copper Restaurant + Bar**. Tour the **Price Tower Arts Center**, Frank Lloyd Wright's tallest skyscraper. Wright called this 19-story glass and copper structure the "tree that escaped the crowded forest."

The **Frank Phillips Home** is available for touring and was home to Frank & Jane Phillips, founder of Phillips Petroleum Company. Family furnishings are still in place.

If visiting during June, the OK Mozart Festival is a must see and is a festival full of music, art, culture, and wonderful times. Aside from the music the festival hosts multiple other events throughout the week.

Other summertime events include **Sunfest**, a premier arts festival in Sooner Park in June and the **Biplane Expo** when hundreds of beautifully restored vintage planes fly in from around the country.

In September you can experience a fine arts show, **Oklahoma Indian Summer** that also holds demonstrations, has crafts, authentic Indian food, and a pow wow.

Travel back in time to experience the growth and development of Bartlesville and surrounding areas. Through photographs and artifacts, learn about Indian Territory, the first commercial oil well in Oklahoma, the composer of the 12<sup>th</sup> Street Rag and many other people, places, and events which shaped this turn-of-the-century settlement into the modern community it is today. All on display at the **Bartlesville History Museum**.

About 12 miles SW of Bartlesville is beautiful **Woolaroc**, the country estate of oil baron Frank Phillips. Named after its setting, the WOODs, LAkes and ROCKs are indigenous to the area. This rustic environment served as a one-of-a-kind entertainment venue for Phillips' wealthy eastern investors, as well as dignitaries, Indians, movie stars, lawmen and outlaws alike. Experience nature's beauty while smelling the clean, fresh air of the Osage Hills and listening to the peaceful sounds of the streams running through this 3,600-acre wildlife preserve. The world-class museum presents its excellent art and unique artifacts that tell the alluring story of the American West. An outstanding regional attraction!

There are many antique shops, gift shops and a mall ... you can also shop at **Keepsake Candle Factory** where you can watch these lovely and unique candles being made. The **Red Dirt Soap Company** is also worth a stop and offers handmade soaps and other gift items.

The latest attraction in this city is the new **Phillips Petroleum Company Museum**, where you can explore the legends and legacies of the oil industry in this region.

Nearby in **Dewey** you'll enjoy additional shopping (one with a soda fountain), the **Tom Mix Museum** complete with a theater showing silent movies and many personal items belonging to Tom Mix, and the freshly refurbished **Dewey Hotel Museum**. There are antique stores here and one with a soda fountain.
